ORDER OF CEREMONY

Welcome

National Anthem

Hannah Cayem
Master of Music

Welcoming Remarks

Gregory Washington
President, George Mason University

Presentation of George Mason Medal to Jay Marsh, BS Business Administration '73

Michael Meese
Rector, Board of Visitors

Presentation of George Mason Medal to Carolyn Marsh

(Awarded Posthumously)
Michael Meese
Rector, Board of Visitors

Presentation of Honorary Degree to General David W. Allvin (Ret.)

Michael Meese
Rector, Board of Visitors

Commencement Speaker

General David W. Allvin
U.S. Air Force (Ret.)

Student Speaker

Saniya Dilip Darediya
Bachelor of Science in Neuroscience

Presentation of Degree Candidates

Ajay Vinzé
Interim Provost and Executive Vice
President

Ann Ardis

Dean, College of Humanities and
Social Sciences

Cody W. Edwards

Dean, College of Science

Ingrid Guerra-López

Dean, College of Education and
Human Development

Cheryl Druehl

Interim Dean, Donald G. Costello
College of Business

Melissa J. Perry, MBA '25

Dean, College of Public Health

Kenneth Ball

Dean, College of Engineering and
Computing

Rick Davis

Dean, College of Visual and
Performing Arts

Alpaslan Özerdem

Dean, Jimmy and Rosalynn Carter

Letter from the President

Welcome to Spring Commencement, and congratulations, graduates! I am pleased to mark this milestone with the family, friends, faculty, and staff who have shared in your academic journey.

You are graduating from an institution that *The Wall Street Journal* ranks as one of the top 35 public universities in the country. In addition, the Carnegie Foundation and American Council on Education determined that George Mason is the only public doctoral university in Virginia—and one of just five very large public universities in the nation—in the highest tier of Opportunity Colleges and Universities for our combination of higher access and higher earnings and being a top research university.

This is great news for our graduates, and for Virginia. About three in four in-state George Mason graduates choose to launch their careers in the commonwealth, as do almost one in three graduates who come to George Mason from outside Virginia. That's a testament to the bountiful career opportunities in our region and state and George Mason's partnerships with employers in industry, government, and nongovernmental organizations. In addition, George Mason graduates earn among the highest starting salaries in the state.

Our graduates have experienced a dynamic university community of students, faculty, and staff from a wide range of cultures, circumstances, and ideologies. Offering access to such experiences is part of what makes George Mason *All Together Different* and helps prepare our graduates for success no matter where their life journey takes them.

We hope that earning your degree here, and joining the George Mason alumni network of a quarter million graduates, is just the beginning of your lifelong involvement with the university. As engaged alumni, your time, mentorship, and support will benefit the next generation of George Mason students who aspire to achieve the accomplishment that we celebrate with you here today.

Once again, congratulations! Go, Patriots!

Gregory Washington
President, George Mason University

GEORGE MASON MEDAL RECIPIENTS

Jay and Carolyn Marsh

Jay Marsh, BS Business Administration '73, and Carolyn Marsh left behind an extraordinary legacy at George Mason University, retiring together in 2021 after a combined 90 years of dedicated service to George Mason Athletics. Their impact, spanning generations of student-athletes, coaches, and staff, reflects a lifetime commitment defined by loyalty, leadership, and an unwavering belief in the university. Carolyn passed away in 2025, but her influence and spirit remain deeply woven into the fabric of George Mason Athletics.

Carolyn Marsh began her George Mason career in December 1975 as a sports information assistant before becoming the trusted executive assistant to the men's basketball program. Over the years, she served with eight head coaches, from John Linn to Dave Paulsen, becoming a constant presence and a beloved figure within the team. Known for her care and personal touch, she built lasting relationships with student-athletes, many of whom remained in touch long after their playing days. She often described her role simply: caring for the players like a mother.

Jay Marsh's connection to George Mason began as a student-athlete. After serving in the U.S. Army, he enrolled at George Mason and pursued a degree in what was then the College of Professional Studies, while playing two seasons with the men's basketball team. Following his graduation in 1973, Marsh went to work for a local construction company and soon found himself back at George Mason as a part-time assistant basketball coach for two seasons.

He returned to the university full time in 1976, beginning a remarkable administrative career that spanned nearly five decades. Marsh became synonymous with George Mason Athletics operations, overseeing facilities, managing events, supporting fundraising efforts, and ensuring a first-class experience for student-athletes and fans alike. Beginning his career as a business manager, Marsh led the Patriot Club for seven seasons starting in 1988, before rising to the role of senior associate athletic director for events and facilities.

Widely respected for his institutional knowledge and steady leadership, Marsh became a trusted presence within the department. He worked closely with coaches and staff across all sports, playing an integral role in enhancing the student-athlete experience and supporting the continued success of the Patriots.

His expertise in hosting major events also earned recognition beyond the department. When George Mason hosted the Colonial Athletic Association men's basketball tournament in 1986, the event ran so smoothly that the conference asked Marsh to oversee the tournament in future years, regardless of location, a role he had until George Mason departed the conference in 2013.

During the men's basketball team's improbable run to the 2006 Final Four, Marsh organized the team and staff travel to Indianapolis and helped coordinate the unforgettable welcome

home, as 8,000 fans greeted the Patriots following their Elite Eight victory over top-seed University of Connecticut. Earlier in his career, he played a key role in operations for the 1985 women's soccer national championship hosted at George Mason, highlighted by the Patriots stunning win over North Carolina.

Marsh's contributions have been recognized with numerous honors, including the 1989 Alumnus of the Year award and the School of Business Prominent Patriot Award. He continues to serve the university as a member of the Patriot Club Advisory Board.

The couple's generosity includes an endowed scholarship for basketball student-athletes and a \$50,000 contribution toward men's and women's basketball locker room renovations. In recognition of Carolyn's lasting influence, the men's basketball film room bears her name, a tribute to her decades of behind-the-scenes impact on the program.

Married since 1967, after meeting at a country dance, the couple built both a life and a legacy intertwined with George Mason. Their shared journey reflects not only professional achievement, but also a deep personal connection to the institution and its people.

Their legacy lives on through the countless lives they influenced and the enduring high standards they helped establish—a lasting embodiment of George Mason excellence.

Marsh remains a familiar and devoted presence within the George Mason community, frequently attending athletic events and continuing his involvement as a member of the Patriot Club.

General David W. Allvin

U.S. Air Force (Ret.)

General David W. Allvin, USAF (Ret.), served as the 23rd chief of staff of the United States Air Force, culminating a distinguished 39-year career marked by strategic vision, global operational leadership, and transformative change across the U.S. Department of Defense. As the senior uniformed leader of the Air Force, he was responsible for organizing, training, and equipping a total force of 689,000 airmen and civilians across the Active Duty, Guard, Reserve, and Civilian Service. In this role and as a member of the Joint Chiefs of Staff, he advised the secretary of defense, the National Security Council, and the president on issues of national security, global threats, modernization, and force readiness.

Throughout his career, General Allvin established a reputation as a strategic thinker, systems architect, and trusted advisor, known for distilling complexity into clear decisions and integrating advanced technologies—such as AI-enabled systems—into the future force. As chief of staff, he led the Air Force through one of its most significant periods of transformation, launching frameworks to unify force design, readiness, and modernization. He also championed future capabilities including the B-21 bomber, the F-47 sixth-generation fighter, and collaborative combat aircraft.

Prior to his role as chief, General Allvin served as the vice chief of staff of the Air Force, and as the director for strategy, plans, and policy on the Joint Staff, where he shaped U.S. global military strategy, contributed to NATO’s first comprehensive military strategy in five decades, and supported major national-level decisions in defense and deterrence.

General Allvin’s international experience includes leading strategic planning and policy for U.S. European Command, which involved directing security cooperation across 39 nations. He commanded at multiple levels and served in pivotal roles across NATO, the Joint Staff, and global mobility operations. He is a 1994 graduate of the Air Force Test Pilot School and was a primary experimental test pilot on the C-17 and C-130J aircraft. He also completed numerous humanitarian missions and global combat operations. In total, he has amassed more than 4,600 flight hours, including nearly 800 flight test hours.

A graduate of the U.S. Air Force Academy with a degree in aeronautical engineering, General Allvin holds master’s degrees in management, airpower art and science, and national security strategy. His professional development includes fellowships and executive programs at Harvard University, the Council on Foreign Relations, and leading national security institutions.

Saniya Dilip Darediya

Bachelor of Science in Neuroscience

Saniya Darediya is graduating with a bachelor of science in neuroscience. She is a recipient of the College of Science's Outstanding Neuroscience Senior Award (2025–26) and inaugural Community Leadership Award winner, recognizing her significant impact on the George Mason community and beyond. She was also honored as Student Mentor of the Year (2024–25) by Student Involvement for her dedication to supporting and guiding fellow students.

Darediya is the founder and president of the Neuroscience Club at George Mason, where she has created opportunities for students to engage in research discussions, professional development, and community-building. As a College of Science student ambassador, she represented the university by mentoring prospective and current students and fostering an inclusive academic environment.

In addition to her leadership roles, Darediya has been actively involved in clinical research, serving as a clinical research coordinator on multiple FDA-approved studies. She has also conducted independent research through the RISE Scholars Program at George Mason, where she led her own research and presented her findings at a research symposium.

Darediya, who is committed to accessibility and inclusive student success, was also a mentor with the Mason Autism Support Initiative (MASI), where she supported autistic students in navigating the academic, social, and structural transitions of college life.

Throughout her leadership, research, and mentorship work, she is deeply committed to advancing scientific inquiry, building supportive communities, and empowering others to succeed. She plans to continue her journey in medicine, with a focus on integrating research, clinical care, and advocacy to improve patient outcomes and expand access to care.

George Mason University

Since its beginnings in 1957, George Mason University has experienced a steady transformation from regional commuter school to national powerhouse. George Mason's rise is no coincidence, but instead reflects an audacity to ask questions others haven't and to prioritize the evolving needs of our community over the status quo. More than a half century later, George Mason's reach extends across the commonwealth and into the global arena, with a diverse student body comprising students from all 50 states and 130 countries, a campus in South Korea, and world-renowned faculty and researchers dedicated to both focusing on complex problems and nurturing the next generation of thinkers and leaders.

Even as George Mason makes a greater impact on the region, nation, and globe, we never waver in our commitment to inclusivity and our belief that higher education should be accessible to all.

Guided by our motto of Freedom and Learning, George Mason strides into the future with a spirit of determination and grit, an acceptance of wide-ranging viewpoints and cultures, and a conviction to stand firm to our principles. In a rapidly changing world of increasing complexity, George Mason University embraces society's challenges as opportunities to find future solutions and bring positive change.

George Mason, the Man: Reflections from the Center for Mason Legacies

George Mason IV was the primary author of the Virginia Declaration of Rights and a vital contributor to Virginia's first state constitution, written in 1776. The principles expressed in these documents informed the language of the Declaration of Independence, many state constitutions, and the U.S. Bill of Rights. Mason was a successful Virginia planter, dedicated father, and sometimes reluctant public leader. Although he attended the 1787 Constitutional Convention, Mason refused to sign the finished document because he believed that it failed to protect the rights of citizens.

Mason preferred life far from the halls of government. He relished time at his Gunston Hall plantation, where he wrote treatises on legal issues, commercial regulations, and property matters. Although he condemned the international slave trade, he was not opposed to the institution of slavery. While he decried slavery's "ill effects . . . upon the Morals" of White Virginians, he owned over 100 children, women, and men of African descent. Putting the interests of his own family first, he bequeathed his enslaved laborers, along with vast landholdings, to his heirs. Several of the people owned by Mason resisted their bondage by running away from Gunston Hall, including a young man named Dick. Mason's

principled calls for individual rights and liberties coexisted with his enslavement of Black people, reflecting a contradiction at the heart of the American founding.

In 1996, a powerful statue of George Mason presenting his Virginia Declaration of Rights was dedicated on the Fairfax Campus. In 2022, the Enslaved People of George Mason Memorial, an interactive multi-sited installation, was unveiled near this statue in the new Roger Wilkins Plaza. The memorial focuses on the ideals of democracy and freedom embodied by Mason, the people he enslaved—including Penny, a 10-year-old girl, and James, Mason's manservant—and their legacies.

Benedict Carton, Associate Professor, African and African American Studies and School of Integrative Studies

Wendi Manuel-Scott, Professor, African and African American Studies, Department of History and Art History, School of Integrative Studies, and Women and Gender Studies

George D. Oberle III, Director, Center for Mason Legacies; History Librarian, University Libraries; and Associate Professor, Department of History and Art History

Highlights of George Mason University's History

The university's formal history began in 1957 as University College, the Northern Virginia branch of the University of Virginia (UVA), offering courses in engineering and the liberal arts. It opened in a renovated elementary school in the Bailey's Crossroads area of Fairfax County with an enrollment of 17 students.

In 1958, the Town (now City) of Fairfax purchased 150 acres and donated the land to the University

of Virginia for a permanent branch campus, then known as George Mason College.

Just 14 years later, George Mason University became an independent member of Virginia's system of colleges and universities when Virginia's governor signed legislation in 1972.

George Mason has achieved many milestones across the decades. Here are just a few highlights.

- **1968**—First class of 52 students graduates. The George Mason University Alumni Association is founded.
- **1972**—The university separates from UVA
- **1974**—The Office of Admissions hires George Mason's first African American admissions officer, Andrew Evans
- **1976**—George Mason's baseball team reaches the National Association of Intercollegiate Athletics World Series
- **1980**—Fall enrollment is 13,293, including international students representing 58 countries
- **1981**—George Mason begins offering graduate classes in Arlington on what was known then as the Metro Campus and now as Mason Square
- **1983**—The university awards its first doctoral degree, a doctor of arts in education
- **1985**—Women's soccer wins the NCAA Division I National Championship
- **1986**—James Buchanan wins the Nobel Prize in Economic Sciences
- **1992**—Kraken, the first Komodo dragon born in captivity outside of Indonesia, is hatched at George Mason and quickly becomes a media star
- **1996**—The Johnson Center opens and is the first multi-use building of its kind on a university campus
- **1996**—The George Mason Statue is dedicated. Created by Wendy M. Ross, the seven-and-a-half-foot statue shows George Mason presenting his first draft of the Virginia Declaration of Rights
- **2002**—Vernon Smith wins the Nobel Prize in Economic Sciences
- **2005**—In recognition of a \$10 million gift from Ernst and Sara Volgenau, the School of Information Technology and Engineering is renamed the Volgenau School of Engineering
- **2006**—The George Mason men's basketball team becomes the original "Cinderella" team of March Madness as it makes its exciting run from an at-large bid to the NCAA Tournament's Final Four
- **2009**—*U.S. News & World Report* names George Mason the nation's No. 1 University to Watch on its first list of up-and-coming schools
- **2010**—The grand opening is held for the Hylton Performing Arts Center
- **2011**—After years of planning and fundraising, a new state-of-the-art Ritchey Chretien telescope is installed in the Research Hall Observatory
- **2013**—George Mason joins the Atlantic 10 conference
- **2014**—Mason Korea is established as part of the Incheon Global Campus in Songdo, Korea
- **2015**—The Prince William Campus is renamed the Science and Technology Campus

- **2016**—George Mason enters the R1 Highest Research Activity tier of the Carnegie Classification of Institutions of Higher Education, joining an elite group of 131 research universities and signaling George Mason’s leading role in tackling some of society’s most pressing challenges, while reaffirming our status as an innovation engine for the state and region
- **2016**—A \$30 million combined gift to the George Mason University Foundation renames George Mason’s law school in honor of the late U.S. Supreme Court Justice Antonin Scalia
- **2017**—ADVANCE, a new partnership between George Mason and Northern Virginia Community College, is established to provide a seamless path for transfer students to earn four-year degrees
- **2017**—In recognition of a \$10 million gift from Dwight C. Schar, the School of Policy, Government, and International Affairs is renamed the Schar School of Policy and Government
- **2018**—The new Peterson Family Health Sciences Hall, named in honor of the Peterson Family, opens on the Fairfax Campus, allowing all of the College of Public Health to be housed in one location for the first time
- **2018**—The George Mason University Alumni Association celebrates its 50th anniversary.
- **2020**—The School for Conflict Analysis and Resolution is renamed the Jimmy and Rosalynn Carter School for Peace and Conflict Resolution
- **2020**—Gregory Washington is named George Mason’s eighth president and first African American president
- **2020**—George Mason-sponsored research surpasses \$200 million
- **2021**—The Enslaved People of George Mason Memorial is installed on Wilkins Plaza
- **2022**—George Mason celebrates 50 years as an independent university
- **2022**—The College of Health and Human Services is renamed the College of Public Health and becomes the first of its kind in the Commonwealth of Virginia
- **2023**—In recognition of a \$50 million planned gift from the estate of Donald G. Costello, the School of Business becomes the Donald G. Costello College of Business
- **2025**—In recognition of a gift from the Kimmy Duong Foundation, which will have a \$36 million impact, the School of Computing is renamed the Long Nguyen and Kimmy Duong School of Computing.

GM GEORGE MASON UNIVERSITY

FUSE

Doctoral Programs

Doctor of Musical Arts

Jiye Kim

An Analytical Study of Selected Preludes from Uzong Choe's 12 Préludes pour Piano: Intersections of Western Techniques and Korean Aesthetics

Advisor: Tom C. Owens, PhD, Reva and Sid Dewberry
Family School of Music

Julie Ann McDonald

The Flute in the Chamber Music of Charles Ives

Advisor: Tom C. Owens, PhD, Reva and Sid Dewberry
Family School of Music

Michael W. Stern

Redefining Rehearsal: Ensemble Conductors as Transformational Leaders

Advisor: Soo Han, DMA, Reva and Sid Dewberry
Family School of Music

Andrew C. Wood

Dances and Arias: Learning and Performing Edward Gregson's "Cornet Concerto"

Advisor: Michael W. Nickens, DMA, Reva and Sid Dewberry
Family School of Music

Ying Yang

A Conceptual Integration Network (CIN) Analysis of Selected Works from Lisan Wang's Multimedia Piano Set: "Impressions of Paintings by Kai Higashiyama"

Advisor: Simon Prosser, PhD, Reva and Sid Dewberry
Family School of Music

Doctor of Nursing Practice

Noelle Renee Anderson

Strengthening Social, Emotional, and Behavioral Screening in Pediatric Primary Care for Underserved Communities

Advisor: Cheryl A. Oetjen, DNP, APRN, FNP-BC,
School of Nursing

Sumaiya Badshah

Mitigating Oral Health Impacts in Patients Prescribed Buprenorphine

Advisor: Caroline Sutter, DNP, FNP-BC, PMHNP-BC,
School of Nursing

Darren Boas

The Incorporation of Music Medicine via Headphones on an In-Patient Psychiatric Unit

Advisor: James T. DeMarco, DNP, APRN, PMHNP-BC,
NEA-BC, School of Nursing

Shanon Cassidy

Standardizing Thermoregulation Practices in Surgery at Inova Alexandria

Advisor: Ana Stoehr, PhD, RN, School of Nursing

Arianna Castro

Developing Trauma-Informed Care in Refugee Health: A Six-Week Training for Afghan Refugee Care Through Community Health Worker Integration

Advisor: Caroline Sutter, DNP, FNP-BC, PMHNP-BC,
School of Nursing

Rose Akutta Chuukwu

Lack of Psychosocial Support Among Patients Living with HIV, Leading to Non-Adherence to Antiretroviral Therapy (ART)

Advisor: Andrea M. Landis, PhD, APRN, FNP-BC,
CHSE, School of Nursing

Christopher Hunsberger

Improving Retention and Reducing Failure to Attend: Outpatient Medication-Assisted Treatment

Advisor: Rebecca E. Sutter, DNP, APRN, FNP-BC,
PMHNP-BC, School of Nursing

Christine Anne James

Empowering Patients for Lasting Change: Promoting Self-Efficacy in Adults with Obesity

Advisor: Andrea M. Landis, PhD, APRN, FNP-BC,
CHSE, School of Nursing

Ida A. Kenin

Enhancing Provider Confidence and Consistency in Delivering Culturally Tailored Hyperlipidemia Education to Underserved Patients

Advisor: Angelina Harman, DNP, APRN, FNP-BC, School of Nursing

Kathryn Abernathy Oliver

Enhancing Workforce Readiness of Prelicensure Nursing Students Through Interpersonal Skill Development

Advisor: Caroline Sutter, DNP, FNP-BC, PMHNP-BC, School of Nursing

Bryan Douglas Overman

Improving Psychological Safety and Event Reporting in the Emergency Department Through Just Culture and Nursing Peer Review

Advisor: Rebecca E. Sutter, DNP, FNP-BC, PMHNP-BC, School of Nursing

Rachel Paliga

Standardizing Oral Health into Pediatric Primary Care for Underserved Communities

Advisors: Cheryl A. Oetjen, DNP, APRN, FNP-BC, and Yanika Kowitlawakul, PhD, RN, CCR, School of Nursing

Amy Trang

Delirium Prevention on Acute Care Units Utilizing a Nurse-Driven Sleep Hygiene Protocol

Advisor: Jennifer Rickerby, DNP, APRN, MSN Ed, PMHNP-BC, FNP-BC, School of Nursing

Doctor of Philosophy in Bioengineering**Bryce A. Dunn**

Design and Application of Contrast-Enhanced NIR Fluorescence Imaging for Tumor Detection and Electrophysiological Dynamics

Advisor: Parag Chitnis, PhD, Department of Bioengineering

Doctor of Philosophy in Bioinformatics and Computational Biology**Nazli Azodi**

Examining the Role of Metabolomic and Hematopoietic Reprogramming Underlying the Immune Protection Provided by a Vaccine Candidate for Leishmaniasis

Advisor: Donald Seto, PhD, School of Systems Biology

Whitney Burr

The Intersection of COVID and Aging

Advisor: Ancha Baranova, PhD, School of Systems Biology

Herve Emissah

Standardization of Neuronal Morphology Using Automation and Machine Learning for Big Data Analytics

Advisors: Iosif Vaisman, PhD, School of Systems Biology, and Giorgio Ascoli, PhD, College of Engineering and Computing

Megan Herceg

Improved Drug Docking with Dynamics Information in Endocrine-Related Cancers

Advisor: Donald Seto, PhD, School of Systems Biology

Chih Hao Huang

Trustworthy Alzheimer's Disease Predictions Using Explainable Artificial Intelligence with Application to Public Health

Advisor: Aman Ullah, PhD, School of Systems Biology

Yiyang Lian

Linking Genetic Mutations to Disease Outcomes: A Case Study of FGFR2 in Developmental Disorders and Cancer

Advisor: Donald Seto, PhD, School of Systems Biology

Nicholas Minster

Parkinson's Disease Through Peripheral Proteomics: Cross-Cohort Diagnosis, Severity Modeling, and Biological Grounding from a Leakage-Safe Multi-Omics Framework

Advisor: M. Saleet Jafri, PhD, Interdisciplinary Program in Neuroscience

Paul Montgomery

Novel Applications of a Dermal Biomarker Patch Platform in Skin Diseases for the Potential Use in Biomarker Identification and Guided Treatment

Advisor: Dmitri Klimov, PhD, School of Systems Biology

Longsheng Xie

Predicting Drug Resistance Phenotype of Protein Variants in Colorectal Cancer

Advisor: M. Saleet Jafri, PhD, Interdisciplinary Program in Neuroscience and School of Systems Biology

Doctor of Philosophy in Biosciences

Mahmood O. Almosuli

Exploring Phage–Bacteria Interactions in the Urinary Microbiome and Engineering Bacteriophages for Enhanced Bactericidal Activity and Biofilm Disruption

Advisor: Alessandra Luchini, PhD, School of Systems Biology

Carol A. Anderson

Albert Dwoskin, Honorary Doctor of Humane Letters '25
Martina Cheung, Honorary Doctor of Humane Letters '25
Ali Reza Manouchehri*, BA Philosophy '99, Honorary Doctor of Humane Letters '25

**Indicates George Mason University Alumni*

The George Mason Medal

The George Mason Medal is designated by the George Mason University Board of Visitors to be the university's highest honorary award.

This medal is designed to honor George Mason, the man. Those receiving the award should have a record of service to their community, state, or nation consistent with the level and quality of George Mason's public service in his own time. George Mason, a native of Northern Virginia, was never elected to public office, but he was a public leader in the cause of freedom during the Revolutionary War and the formative years of the United States of America.

The George Mason Medal is awarded from time to time at the university's annual commencement exercises with a special and distinct place reserved on the program for the presentation of the medal.

Recipients

1980s

John T. Hazel Jr.
John C. Wood
Omer L. Hirst

Carolyn Peterson
Milton Peterson
Don de Laski
Nancy de Laski

1990s

About the University Mace

George Mason University formal ceremonies begin with the entrance of the university mace, which features the university's seal highlighting freedom and learning and is carried in the procession by the lead university marshal. The tradition of the mace derives from medieval times when a bodyguard held a mace during ceremonial functions with the intention of protecting the royal or dignitary. The mace symbolizes the university's governing authority and is present only when the president and the Board of Visitors are in attendance.

Alma Mater

Patriot Pride

George Mason!
George Mason, we honor you today
Our alma mater is the source of Patriot Pride
From far and near, 'round the world we come
To learn side by side.

George Mason!
Where "Freedom and Learning" is our guide;
A place where reaching for the highest is
our theme
A place where we come and are
welcomed home
To follow our dream.

We love our George Mason,
We're proud of the Green and Gold
Those colors stay with us;
Those colors grow with us;
Those colors keep us Patriots,
True and bold!

Welcome to the Alumni Association

Dear Patriots,

Congratulations on becoming a George Mason alum! The George Mason University Alumni Association is excited to welcome this new class to our thriving community of more than 250,000 members. Earning your degree is an incredible achievement, and while your time as a student is over, your relationship with George Mason is only just beginning.

As an alum, you now have access to so many great benefits, resources, and opportunities for staying engaged with the university. Our website, alumni.gmu.edu, can provide you with more information.

As you embark on your post-grad journey, remember to keep in touch and let us know about the great things that are happening in your life after George Mason. The George Mason University Alumni Association is your lifelong connection to the university and we look forward to engaging with you.

Congratulations again for earning your degree, and remember, Once a Patriot, Always a Patriot!

With Patriot Pride,

The George Mason University Alumni Association

CONGRATS, CLASS OF 2026!

In just five decades, George Mason University has grown into one of the nation's most dynamic universities. Today, you become part of what comes next.

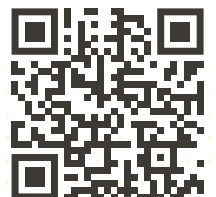

Your curiosity, determination, and ambition brought you to this milestone. Along the way, a community of alumni, faculty, and supporters helped create the scholarships, programs, and experiences that shaped your George Mason journey.

That shared commitment powers **Mason Now: Power the Possible**—George Mason's \$1 billion campaign expanding opportunity for students and advancing research, innovation, and real-world impact.

Now you carry that spirit forward—into your communities, your careers, and the challenges ahead.

You are Mason now.
